S. A. Earns Right To Battle Little Rock In Little Rose Bowl

"We promise to do all in our power to give the west a powerful representative in the Junior Rose Bowl" stated Coach "Bill" Cook, head SAC football mentor, after officially signing the bid last Tuesday morning to play Little Rock December 10 in the Rose Bowl.

A group of several committee representatives led by game chairman Art Hannifin, who officially announced the committes decision drove from Pasadena Tuesday to notify Santa Ana of its selection. Contracts for the game were then formally approved and signed by Dr. Daniel McNaughton, director of SAC, and Coach "Bill" Cook for Santa Ana Hannifin for Pasadena.

Immediately after the news spread around college classes were avoided for the day and after the pep assembly that was called for the occasion the celebrating spread throughout Santa Ana.

"To the victor belong the spoils." The 'Little Rose Bowl' victory trophy is being admired above by Priscilla Orman, right, pretty SAC song leader, and also a song leader from Compton College.

Dons Broadcast Over KVOE

Starting out the program was the cheering of the turkey day game victory. Phil Reilly and Paula Doretti, SAC song leader, participated in the cheering.

Relaxing in the student union while seriously discussing the social problems of the day are Orville M. Knutsen, head of the Social Science department at SAC, Edith Lyon, interested freshman student, and Keever Jankovich, co-captain of the Don football team.

O. M. Knutsen Tells Workings of Social Science Division At SAC

(Ed. Note—This is the third of a series of articles written by Jane Lindemuth, El Don feature writer, to acquaint students with the various departments of the college.)

From the law of supply and demand to the Civil War, to the psychological explanation for Willy's falling in love with Mary are subjects dealt with in the courses offered by the social science department.

Headed by Orville M. Knutsen, said to be the fashion plate among men teachers, the department has as its purpose the "teaching of subjects required of social science majors by the universities and the provision of a broad background for the social science student." Subjects instructed by Knutsen include the principles of economics, economic geography, and the economic history of Europe.

Course on Marriage and Family

According to Knutsen, the most important course offered by the social science department and the course that should be taken by every SAC student is the class on "Marriage and the Family." Taught by George E. Andrus (he

ought to be an authority on the subject since he has a home of his own and eight children to practice sociology on) the course deals with "the complex adjustment of individuals to married life." Andrus also teaches the principles of psychology, sociology, and philosophy.

Dr. Edwin T. Force, who bet on the greatest horse (the one who cleaned up the state of New York) in the last presidential race and lost, is instructing the many histories offered by the social science department. These include histories of the United States, Europe, and Latin America. Dr. Force is also co-adviser with Ernest Crain of the active International Relations club. The International Relations Conference of all Southern California colleges was held here at SAC last year, and was the first junior college to be given the privilege of sponsoring this conference.

Political Science Is Popular

Soft-spoken Ernest Crain, the instructor who must have a will power of iron since he is always patient and understanding, is the instructor of all political science courses in addition to his work as veteran's counselor.

Editorial

We have a championship team, but we surely haven't had the spirit of the student body which belongs to the Eastern Conference cellar dwelling San Bernardino football squad, that is, not before last Wednesday night when the Santa Ana Dons were selected to play in the Little Rose Bowl game against Little Rock, Arkansas.

We should be ashamed. One editorial has been written already this year in regard to spirit of the football season. The Dons of Santa Ana have climaxedone of their most successful seasons of Eastern Conference competition. There is one more step toward the ultimate goal of Jayceers over the land for the Dons, the national junior college championship in the Rose Bowl, December 10th.

The Dons will play Little Rock, Arkansas. The Dons have the ability to win such a game and spirit among the players is high.

This spirit, however, does not prevail in the student body as a whole. If you attended the San Berdoo game a couple of weeks ago you saw spirit, spirit which surpasses ours by a large margin. They had fine organized yells, and most unusual among JC circles, a variety of good looking card stunets that haven't been displayed anywhere else in the league.

El Don will get its last chance, and a big one it will be, to display its cheering talents for football in '49. In this last all out effort of the season 60 minutes of real football cheering would more than repay the hard working gridders, coaches, and yell leaders. With the spirit on Thanksgiving, during these last few days, and a little more the Santa Ana student body would be 100 per cent strengthened, and the team would have the spirit they have earned during the recent campaign, the spirit a championship team must have in its bid for highest honors in junior college football.—H. C.

Marine Vet Wins Literary Award

The Dodd, Mead Literary Fellowship for 1949 has been awarded to Claude F. Koch, of the University of Pennsylvania, for a novel tentatively entitled "Interlude." Mr. Koch was born in Philadelphia, is married and, like most veterans, is house hunting. "Interlude," he says, is the first writing he has done "for cash." Donn, Mead plans to publish the novel in the fall of 1950.

The Dodd, Mead Intercollegiate Literary Fellowship of $1000 is awarded annually to a student in an American or Canadian college.

Among other previous winners are Hilda Osterhout of Vassar College, for a novel entitled "The Flame and the Serpent"; Frederic Morton of the College of the City of New York, for "The Hound;" Constance Beresford-Howe of McGill University fr "The Unreasoning Heart;" Ann Birstein of Queens College, New York, for "'Fruit of His Goodness;" and Maureen Daly of Rosary College for "Seventeenth Summer."

Wednesdan night, November 23rd, the Bachelors held their formal initiation at the home of Pat Bobzin on North Flower street in Santa Ana. At this meeting the new members were sworn in and the constitution was read and approved by all of the members.

Those red, black, yellow, and blue decorations seen at the Santa Ana-Fullerton Turkey day game were the work of the Bachelors and the Spinsters service clubs. The Bachelors were also responsible for the Don and Hornet signs on either side of the field. The decorations were put up Thursday morning before game time.

Future plans include actively supporting the AWS Christmas project. This project is to aid blind children and to make their Christmas a happier one. Money and canned food is requested.

Discussion for the forthcoming "Little Rose Bowl" activities dominated the majority of the business meeting. The Caballeros were the first to discuss the idea of having a bon fire pep rally the night before the game.

Anatomy Classes Dissect Cats As One Of Semester Projects

By BILL POULSEN

"Who killed my pet cat?" shrieked student Ann Disco when she reported for a Zoology 35 lab period recently and found ten deceased cats laid out on a table. One of the cats looked familiar to her at first.

None of the cats are hers, however, having all been obtained from the city dog pound for dissection and study in the Zoology 35 Introductory Human Anatomy course. The cats were all unclaimed strays, and had met death in the dog pound cyanide chamber before being acquired by the SAC science department.

According to Henri Joseph Lirette, Zoology 35 instructor, the dissection of the cats is an important highlight in the human anatomy course. Comparative studies of bones, muscles, and organs are made between dissection results and previous studie of the human body structure.

Working with a cat for each pair of students, all class members were able to overcome their squeamishness and begin dissecting by the end of the lab period, according to Lirette. Football player and novice dissestionist Louis Armendariz appeared particularly adept, wielding scalpel, tweezers in al almost professional manner.

The cats have now been skinned, and marking off of muscle groups has been started, the students being guided by observations of already prepared specimens. While preparing a skeleton cat as a special project, students Doris Milbrat and Ronald Lovelady found the odor of a cooking cat quite pleasant, and similar to that of rabbit.

The cats are preserved between periods in tanks of chemicals.

Piloteers Plan Sale Of Cake and Candy

Piloteers held their meeting at the home of Olga Kosar, on Monday, November 28, at 7 p. m. Discussion of the AWS project to raise money for the blind and supply needy families ith food for Christmas was held. Members volunteered to bring at least three cans of food, and money.

Plans to sponsor a cake and candy sale were made. Cake and candy will be sold in the student union at a specified date, as yet undisclosed. Plans for a Christmas party for the Piloteers were discussed, and it was decided to hold the party December 6 at the home of Gloria State.

Spinsters Planning Chsistmas Activities

Meeting in the home of the treasurer, Doris Bruce, the Spinsters planned several future activities. Peggy Humphrey, president, was in charge of the business session.

During the next week all Spinsters are asked to bring canned food to Miss Lota Blythe's office for distribution among needy families at Christmas time. Plans have also been made for the collection of donations to the Helen Keller fund for blind children in Europe and the sacking of Chirstmas candy for the children attending Logan school. The last two activities will take place at the next meeting.

A gift exchange among members will be held at the first meeting in December at the home of Hilda Ann Johnson.

Russell Groshans, '49 graduate of SAC, is at present learning the trials of a cadet's life at West Point. Russell received his appointment to West Point this summer after graduation, and from the letter we received, he is quite busy, but still interested in the doings and people at SAC.

He writes:

Dear El Don Staff,

Since leaving SAC last spring, I've been quite busy, however, not too busy to be still interested in what's happening there. This big Army football team has first place in my heart now, but I remember an awfully tough, hard-hitting team right there at Santa Ana College.

I'd apreciate it very much if you would send me the El Don each week. Maybe I can catch up on what's happened.

My address is Cdt. Russell G. Groshans cl-'53, Co. F-1, U. S. C. C., West Point, New York

Dons Conclude Schedule With Win Over Foes

Wrapping up an undefeated season, the Santa Ana College Dons swarmed over the Fullerton Hornets 34-6 in the annual Turkey Day Pigskin classic last Thursday afternoon before over 10,000 fans in the municipal bowl.

Feathers were flying as the Dons chalked up two touchdowns early in the first quarter and then coasted to an easy win. Al (Hoagy) Carmichael, leading conference scorer, again sparked the Dons to victory by hitting pay dirt twice.

Cook Uses Reserves

After the first two quarters of play Coach Cook used his starting eleven and especially Carmichael sparingly. Lloyd Thomas took over the duties of the injured Carlos Lillywhite at right halfback for the Dons and played the most outstanding game of his career.

Bob Leonard, playing an alert game at end, snagged one of Ray Willsey's passes on a play that was good for 44 yards and the first touchdown, early in the first quarter. Exactly five plays later Carmichael, with the aid of his left arm and some beautiful blocking from his teammates, tore up the turf for 65 yards to score standing up.

Score From One

Two plays after the second stanza opened, the Dons were within one yard of pay dirt again as the result of a 19 yard pass from Willsey to Bob Patterson. After Bob Reid picked up two yards from the three, Willsey on a quarterback sneak scored.

Reid's fumble on the Don's 43 yard strip set up the Hornets only scoring drive that resulted in six points. A few plays after the Hornets recovered the fumble, Jack Ritter tossed a 19 yard pass to Bob Ferguson on the three to account for the lone tally.

With just seconds to go in the first half, Willsey itched a 19 yard aerial to Carmichael in the end zone to make the halftime score 27-6 in favor of the Dons. The pass was high and Gordon Steward defended on the play deflected the pigskin into Carmichael's out stretched arms.

Dons In Last Stanza

The Dons last tally came early in the fourth quarter when John White, playing quarterback, faded back to pass on the Hornet's 10 yard stripe, but seeing all his receivers covered he ran the distance to score. Santa Ana in the fading minutes of the game held the Hornets from scoring on their one foot line to show great defensive strength.

Lee Searcie, star SAC kicker, booted four out of five conversions during the game to boast a record of 22 extra points he has scored fr the Dons.

Score by Quarters

Fullerton	0	6	6	0	— 6

Scoring touchdowns: Fullerton, Ferguson; Santa Ana, Carmichael 2, Leonard, White, and Willsey. Searcie, 4 conversions.

Santa Ana Meets Little Rock In Junior Rose Bowl Classic

Through almost eight hours of deadlock, the Little Rose Bowl committee finally picked the Santa Ana College Dons to represent the west and meet Little Rock, Arkansas December 10 in the Pasadena Rose Bowl.

The Dons in a very close decision nosed out the undefeated East Los Angeles Huskies in the final committee meeting. The Little Rock Rock Trojans have an undefeated record in ten starts with only one team holding them to less than five touchdowns.

Coach "Bill" Cook's Dons with an undefeated record, but one tie in ten starts have been confining their workouts to the privacy of the Santa Ana Municipal Bowl. Last Wednesday, however, was press day and photographers and newspaper men flooded the bowl to see the Dons dressed in their game jerseys celebrating the bid.

Go Into Seclusion

After that, however, the Dons went in seclusion, but according to Coach Cook the Santa Anans will be in the top of physical condition for the title game. Only Irwin Jacobsen, defensive line backer who suffer a sprained ankle in the Fullerton game, remains a doubtful starter.

Carlos Lillywhite, although reinjuring himself on one of the few plays he got in on in the Fullerton game, will probably see a little action in the Rose Bowl. This will put the Dons at their full strength and two weeks to sharpen up on their plays before meeting the mighty Trojans.

Undefeated Record

Little Rock's mighty 1949 eleven has compiled a record of 430 points to 125 in their ten game schedule to be rated as the highest jaysee scoring team in the nation. The Dons have recorded 298 points to their opponents 104 in ten games with only Pasadena marring their record with a 13-13 tie.

Al (Hoagy) Carmichael, star halfback, leads the scoring department for the Dons accounting for 18 touchdowns or 108 points. Harold Waggoner, rated as an all time halfback, has scored 156 points out of the Trojans 430 to probably gain the title of the top scorer in the nation.

First Appearance

This will mark the Dons first appearance in the fourth annual Junior Rose Bowl with both Compton (twice) and Chaffey up holding victories over Kilgore, Texas, Cameron, Oklahoma and Duluth in the three previous contests.

How the committee decided Santa Ana over East L. A. was not given out by chairman Art Haninfin, but it is believed that the Dons rolled over San Bernardino, Santa Monica and Chaffey by larger scores than the Huskies. Also in the Huskies last game of the season they barely defeated El Camino 6-0 which gave Santa Ana more of an edge because they defeated Fullerton 34-6.

Thomas Collects Title In Local Football Ballot

Playing one of his best games of the season, second string right halfback Lloyd Thomas was named Don-of-the-Week from results obtained by popular voting at Vandermast's.

Thomas received the honor for playing an outstanding game against the Fullerton Hornets last Thursday. Last year Thomas also won the Don-of-the-Week title for playing against the same opponents. In the Thanksgiving Day game Thomas took over the first string duties of Carlos Lillywhite, who was recently injured.

Attending Santa Ana high school before entering college last year, Thomas was an outstanding player on last year's championship eleven. In high school he lettered in football, basketball and swimming.

Bob Zelinka won the title last week for his excellent playing against San Bernardino. Zelinka also is a returning letterman holding down the first string guard spot on the 1949 eleven. Attending Fairfax high in Los Angeles, Zelinka for two consecutive years made All-City. He plans to transfer from SAC to USC.

Those receiving the honor so far besides the above mentioned were Al Carmichael, Carlos Lillywhite, Bob Reid, Ray Willsey, John White, Keever Jankovich, Bruce Smith, and George Brancato.

INSIDE THE HUDDLE

By DEAN GAUTSCHY

Hopes and crossed fingers were rewarded last Tuesday morning when the official word was received that the Santa Ana College Dons were selected to represent the west in the Junior Rose Bowl.

"I think we can beat any of them," remarked Coach Jimmy Karam in accepting the bid for Little Rock last Saturday and he didn't try to hid the fact that he thought the Trojans were the nation'sfinest jaysee team.

Face Tough Opponent

There is no bones about it the Dons have a very tough opponent to face December 10 and Little Rock is probably one of the strongest two year colleges in the east. That is the trouble with these Little Rose Bowl contests, nobody can judge just how strong an eastern team is compared to the west.

Boast Clean Slate

Even though the Trojans have an outstanding record in their conference if the Dons could change places with them, who knows what would happen. Take for instance last year's Little Rose Bowl game. Duluth with an outstanding eastern record met Compton and they were practically snowed under by touchdowns. Still the bowl committee picked them on the basis of the best team in the east and with an undefeated record.

Little Rock also has greater player eligibility freedom than any western college with the coaches using outstanding player they can find. The player I want to see in action is Harold "Tiger" Waggoner, 175 pound star halfback who has scored 26 touchdowns for top scoring honors in the nation. He has an average—hold your hat—of over 16 yards per carry.

Game Cancelled

It is really to bad that the Trojans didn't meet Compton next Saturday in a charity contest, but the game was cancelled by Coach Karam when it became apparent that Little Rock was in contention for the bowl game. This contest would have proved many things mainly just how strong are the Trojans. Still I don't know. When Tyler, Texas man handled Compton 28-14, the winning coach remarked at half time—mind you—that the Tarters couldn't win a game in their league.
